THANK YOU FOR YOUR SUPPORT!

Join us for FIDIC ASPAC 2024 Nepal!

“Governance for Climate Shocks”

FIDICASPAC2024 brings together hundreds of like-minded participants who are deeply engaged in saving this earth.

All the academic experts, professional in their field are being challenged with the speeding rate of change of climate accelerating the disastrous shocks. Hence, we call all the engineers, scientists, environmentalist, or anyone in the field of science and engineering to gather at the gateway to the highest peak of the world, the SAGARMATHA.

All the participants across the globe are keen to have a voice, especially in the land of the peak of the world as well as the land of birthplace of Lord Buddha, the symbol of peace.

The conference will create opportunities for the businesses to have better understand to reduce risk and prepare them for a future market in showcasing their products to combat climate change.

We are extremely delighted to be hosting this world changing event. We thank all our supporters in making event a grand success.

ABOUT SCAEF NEPAL

The Society of Consulting Architectural and Engineering Firms (SCAEF) Nepal is a national body recognized by the Government and represents the Consulting services sector in Nepal. SCAEF Nepal was registered in 20th November 1990 as a non-government and not-for-profit organization with a goal of developing consulting industry in Nepal by:

- Contributing to nation building through the provision of skillful professional services; and
- Safeguarding the professional right, interest, privilege and duties of the consulting profession

SCAEF Nepal has more than 270 registered architectural and engineering member firms and is a member of International Federation of Consulting Engineers since 1996 and FIDIC ASPAC. SCAEF Nepal's objectives are:

- Encourage profession development of Nepali/national consulting firms;
- Create a conducive atmosphere for healthy competition;
- Create a scenario for wider and major participation by the Nepali Consulting sector in development project within and outside of the country;
- Enable smaller firms to participate in larger projects through joint ventures; and
- Setup affiliation with international societies and associations.

Since last several years, SCAEF Nepal has continuously and effortlessly undertaken number of activities for professional development through trainings, seminars and national and international conferences. SCAEF Nepal promotes ethical performance and best practices as laid out in the guidelines. We have become able partners to the government and Multi-lateral Development Bank (MDBs) for the progress and improvement of the consulting and construction industry.

ABOUT FIDIC

FIDIC, The International Federation of Consulting Engineers, was founded in 1913 to promote and implement the consulting engineering industry's strategic goals on behalf of its member associations. It represents over one million engineering professionals and 40,000 firms in about 100 countries worldwide.

There are various international standard forms of contracts for works, standard pre-qualification forms, business practice documents related to management systems and business processes published by FIDIC.

ABOUT FIDIC ASIA PACIFIC

ASPAC is the regional group of FIDIC members within Asia and the Pacific regions. There are 23 member countries under FIDIC Asia Pacific.

ABOUT THE CONFERENCE

The goal of the 2024 FIDIC Asia Pacific Conference, "**Governance for Climate Shocks**", is to convene government officials, Multilateral Development Bank (MDB)'s representative, business executives, practicing professionals, and interested parties to explore the opportunities, obstacles, and future directions of preparedness for implementing **Governance for Climate Shocks**. The conference will include a number of focus sessions that explore diverse viewpoints on **climate shocks**.

Experts and professionals from the different sectors will have a forum to exchange ideas, best practices, and creative solutions pertaining to realizing the significance of **Climate Shocks** during each focus session.

This conference shall raise the awareness to seek for a holistic approach to balance the economic growth and sustainable development via governance for **climate shocks**.

FIDIC Asia Pacific 2024 Nepal, shall unite not only to applaud on the aspiring advancement of every nation's remarkable attempt to formulate climate change, resilient infrastructure, net-zero or be it any other such factors into its own policy making, but also to further discuss on its governance for **climate shocks**.

As these emerging challenges are speedily multiplying alongside to our human innovation prodigy, we take on the voice to sensitize policy makers and governance authority on its impact on the society and nation as a whole.

We, Society of Consulting Architectural and Engineering Firms SCAEF Nepal, are uniting with the aspiring leaders from over twenty nations from the Asia Pacific region in the foothills of Himalayas, in a challenge to bring closures on the best possible sustainability integration matrix injected into nations policy making for **climate shocks**.
